# Digestive Enzymes *Ultra*

INTRODUCED 2007

## What Is It?

Digestive Enzymes *Ultra* contains a high-strength mixture of vegetarian enzymes supporting enhanced protein, carbohydrate, fat, fiber and dairy digestion and to promote optimal nutrient bioavailability and absorption.\*

## Uses For Digestive Enzymes *Ultra*

**Promote Digestion:** This formula contains an all-encompassing profile of vegetarian digestive enzymes to support protein, carbohydrate, fat, fiber and dairy digestion. Proteases included in this formula provide optimal activity across a wide pH range. They facilitate the normal breakdown of proteins and di- and tri-peptides. Lipase promotes lipid breakdown while amylase and glucoamylase are included to stimulate polysaccharide breakdown of starch and glycogen. Invertase and lactase support digestion of carbohydrate disaccharides, including the dairy sugar lactose. This formula also offers numerous enzymes to support fiber breakdown, including cellulase, hemicellulase, beta-glucanase and phytase. These enzymes act to break down cell wall components and phytic acid, promoting nutrient bioavailability of fiber-containing foods. Additionally, alpha-galactosidase promotes the breakdown of certain complex carbohydrates, such as raffinose and stachyose, found in some legumes, vegetables and grains—helping to relieve occasional bloating or gas.\*

## What Is The Source?

Enzymes are derived from microbial fermentation. Ascorbyl palmitate is derived from corn dextrose fermentation and palm oil. Hypo-allergenic plant fiber is derived from pine cellulose.

n•zimes™ is a trademark of National Enzyme Company

## Recommendations

Pure Encapsulations recommends 1–2 capsules with each meal.

## Are There Any Potential Side Effects Or Precautions?

At this time, there are no known side effects or precautions. If pregnant or lactating, consult your physician before taking this product.

## Are There Any Potential Drug Interactions?

At this time, there are no known adverse reactions when taken in conjunction with medications. Consult your physician for more information.

### Digestive Enzymes *Ultra*

two vegetable capsules contain  v 3

n•zimes™ (proprietary blend).....	391 mg
providing:	
protease 800.....	60,000 HUT
protease 6.0.....	20,000 HUT
protease 3.0.....	20 SAPU
lipase.....	3,000 FIP
amylase.....	24,000 DU
glucoamylase.....	30 AGU
lactase.....	1,600 ALU
invertase.....	900 SU
cellulase.....	800 CU
hemicellulase.....	200 HCU
beta-glucanase.....	20 BCU
phytase.....	10 FTU
alpha-galactosidase.....	120 GalU
ascorbyl palmitate (fat-soluble vitamin C).....	10 mg
(hypo-allergenic plant fiber added to complete capsule volume requirement)	

1-2 capsules with each meal.
