

# Pancreatic VegEnzymes

INTRODUCED 2001

## What Is It?

Pancreatic VegEnzymes contains a blend of vegetarian enzymes to support protein, carbohydrate and fat digestion.\*

## Uses For Pancreatic VegEnzymes

**Digestion Support:** Pancreatic VegEnzymes provides a broad acting enzyme blend derived from the plant sources *Aspergillus oryzae* and *Aspergillus niger*. These enzymes have several unique properties that enhance their ability to promote the optimal breakdown of foods and nutrients, including broad substrate specificity. This means that these enzymes have the ability to recognize and help digest a large number of target molecules. Plant enzymes are also active in a wide pH range, from about 3.5-8.5, indicating that their actions begin in the stomach and continue in the small intestine, promoting complete digestion. The formulation is designed to be a comparable vegetarian alternative to Pancreatic Enzyme Formula. Each 200 mg capsule of Pancreatic VegEnzymes provides an equivalent amylase, protease and lipase profile to one 500 mg capsule of Pure Encapsulations Pancreatic Enzyme Formula.\*

## What Is The Source?

Enzymes are derived from microbial fermentation. Ascorbyl palmitate is derived from corn dextrose fermentation and palm oil.

n•zimes™ is a trademark of National Enzyme Company

## Recommendations

Pure Encapsulations recommends 1–2 capsules with each meal.

## Are There Any Potential Side Effects Or Precautions?

If pregnant or lactating, consult your physician before taking this product. At this time, there are no known side effects or precautions. Consult your physician for more information.

## Are There Any Potential Drug Interactions?

At this time, there are no known adverse reactions when taken in conjunction with medications. Consult your physician for more information.

### Pancreatic VegEnzymes

each vegetable capsule contains	
n•zimes™ (proprietary blend).....	200 mg
providing:	
amylase .....	1,500 DU
lipase .....	5,000 FIP
protease 4.5 .....	40,000 HUT
ascorbyl palmitate (fat-soluble vitamin C) .....	2 mg
1–2 capsules with each meal.
