PureClear

INTRODUCED SEPTEMBER 2010

What Is It?

PureClear provides hypo-allergenic rice protein enhanced with free form amino acids, vitamins and minerals to support daily wellness and liver function in a great-tasting naturally flavored and sweetened formula. It is a convenient, easily digested, and great tasting beverage mix that is naturally flavored and naturally sweetened. It is available in vanilla bean and chocolate flavors.*

PureClear Features

Features Include:

- 15 grams hypo-allergenic protein from rice protein concentrate
- 1 gram l-glutamine per serving
- Enhanced with free-form l-valine, l-methionine, l-lysine, l-threonine, l-isoleucine, l-tryptophan for highest biological value
- Wide range of vitamins and minerals for comprehensive support

Nutritional Considerations Include:

- Encourages daily wellness with complete protein and multivitamin support. Optimal protein nutrition enhances healthy liver enzyme function and promotes liver glutathione concentrations, supporting toxin elimination. Rice protein contains the amino acids cysteine, glutamic acid and glycine. These amino acids play key roles in phase II detoxification and also promote glutathione production*
- Supports phase I detoxification with B vitamins and branched chain amino acids*
- Promotes phase II detoxification with taurine, choline, l-glutamine, glycine, protein, vitamins and minerals*
- Provides antioxidant support to protect liver and cellular health with vitamin A, vitamin C, vitamin E, selenium, zinc, copper and manganese*

What Is The Source?

Rice protein concentrate is derived from *Oryza sativa*. Vitamin A, thiamine (mononitrate) (B₁), riboflavin (B₂), niacinamide, pyridoxine HCl (B₆), folic acid, biotin, pantothenic acid (calcium pantothenate) (B₅) and vitamin K₁ are synthetically derived. Vitamin C and methylcobalamin (B₁₂) are derived from corn dextrose fermentation. d-Alpha tocopherol acetate (vitamin E) is derived from purified soybean oil. Vitamin D₃ is derived from lanolin. Calcium, magnesium, zinc, iodine, selenium and chromium are derived from elemental ore. Maltodextrin is derived from tapioca. Purified stevia extract is derived from *Stevia Rebaudiana* leaf. PureClear does not contain artificial flavors, artificial sweeteners or added sugars.

Recommendations

Pure Encapsulations recommends adding one serving of PureClear to 8 oz of water, milk, or juice. Blend with fresh or frozen fruit pieces if desired. Shake, stir, or blend until smooth.

Are There Any Potential Side Effects Or Precautions?

If pregnant or lactating, consult your physician before taking this product. At this time, there are no known side effects or precautions.

Are There Any Potential Drug Interactions?

At this time, there are no known adverse reactions when taken in conjunction with medications. Consult your physician for more information.
