

Hypo-Allergenic

Pure Encapsulations was founded in 1991 to create the highest quality hypo-allergenic supplements available. Since our inception, we have been the industry leader in manufacturing excellence and quality control.

Professional Strength Products

- Only licensed healthcare professionals may order from Pure Encapsulations. We do not allow the distribution of our products in retail stores.
- The most important link between our professional strength supplements and consumers is the presence and guidance of a qualified health professional.
- We offer a complete selection of products to meet all of your practice needs.

Supplements for Sensitive People

- Our products do not contain wheat, gluten, nuts, egg, soy, dairy, preservatives or hydrogenated oils.[†]
- Comprehensive Allergen SOP in place to prevent cross-contamination.
- We do not add coatings, shellacs, binders, fillers, excipients, sugars, artificial flavors, artificial sweeteners or colors.
- We do not use magnesium stearate in any of our products.
- All two-piece capsules are hypo-allergenic and vegetarian.

[†]Unless specifically noted on the label.

Assurance

Ingredient Quality

- Our ingredients are sourced from trusted industry leaders, including the finest suppliers from the U.S., France, Japan, Switzerland, Germany and Italy.
- Ingredient suppliers must meet rigorous testing and quality criteria to qualify as a Pure Encapsulations supplier.
- Ingredients undergo organoleptic and FT-NIR testing and are then bar coded and assigned a unique tracking number.
- Ingredients are tested for purity and potency by independent certified laboratories.

Manufacturing

- We manufacture our own products in our state-of-the-art plant in Sudbury, Massachusetts. We have an open plant policy for physicians.
- Pure Encapsulations is NSF-GMP registered in the U.S., GMP certified in Canada and exceeds the standards of the United States Pharmacopeia (USP).
- Each piece of equipment is dismantled and sterilized before each production run.
- All manufacturing takes place in temperature, humidity and dust controlled rooms.
- Our warehouse is climate controlled in order to maximize the stability of our raw materials and finished products.

GMP Registered

Selection

Quality Assurance

- Certified independent laboratories test raw materials and finished, encapsulated products.
- Using the most advanced equipment and test methods, including HPLC and GM-MS, these labs verify the potency and purity of ingredients.
- Independent microbiological testing is also performed to ensure supplement purity and safety.
