

## Self-Tissue Response Protocol

Developed with Dr. Samuel Yanuck, D.C.†

This three-step guide is intended for patients with an immune response directed at self-tissue. Each step supports a key aspect of the immune system and cumulatively helps promote a balanced immune response. Follow this guide in a stepwise fashion. Once implemented, the formulas and dosages in this guide may be used indefinitely or modified as needed to maintain immune homeostasis.†

Ongoing use of the formulas in this guide is recommended. Re-evaluate patient needs as necessary.
