

Hemp extract VESIsorb®

A BROAD-SPECTRUM HEMP OIL EXTRACT PROVIDING 25 MG CANNABIDIOL (CBD) PER SOFTGEL WITH A PATENTED DELIVERY SYSTEM FOR ENHANCED ABSORPTIONS

Special Features:

- Provides **broad-spectrum support** from 10+ phytocannabinoids, including CBD, 10 to 12 mg beta-caryophyllene (BCP), and other terpenes
- Features a **patented VESIsorb® lipid-based delivery system**, which increases the bioavailability of a bioactive that is fat-soluble or has poor water solubility to **enhance absorption** and **increase plasma levels**
- **FREE FROM** GMOs[†]; gluten; hydrogenated fat; artificial colors, flavors and sweeteners; and magnesium stearate
- Offers CBD, BCP and other terpenes at a **great price per mg**

Unwavering Manufacturing Standards

- 100% US-sourced, field-grown agricultural hemp
- Extracted using **solvent-free, clean CO₂ technology**, an environmentally friendly and efficient method
- **THC-free** — each batch is tested to ensure non-detectable levels (<0.001%) even less than allowable limits
- Every batch is extensively **third-party tested for potency and purity**, including solvents and pesticides

THC Free

Colloidal delivery systems for enhanced bioavailability

Solvent-free, clean CO₂ extraction

Hemp extract VESIsorb®

Results of a Human Pharmacokinetic Study

Compared to a standard MCT oil formulation, a single 25 mg dose of CBD in the VESIsorb® delivery system:

- Significantly enhances bioavailability
- Absorbs into the bloodstream 3X faster
- Increases peak plasma level 4X

In a recent randomized, double-blind crossover trial, a single oral dose of 25 mg CBD in the VESIsorb® system led to a 4.4-fold higher peak plasma concentration (Cmax) and a 2.85-fold higher area under the curve (AUC0-8h) compared to a standard CBD formulation. Faster absorption was also demonstrated, with peak plasma levels achieved one hour after ingestion of the CBD + VESIsorb® compared to three hours for the reference formulation.

Knaub et al., Molecules 2019;24, 2967.

Supplement Facts

Take 1 softgel capsule daily, with or between meals, or as directed by a health professional.

Serving size: 1 softgel capsule • Servings per container: 30

One softgel capsule contains:

VESIsorb® hemp (Cannabis sativa) oil extract **334 mg**
(seed, stalk, stem)
(standardized to contain 35 mg of phytocannabinoids and terpenes including beta-caryophyllene)

Other ingredients: VESIsorb® colloidal delivery system (medium chain triglycerides, vitamin E [tocopherol], mono and diglycerides, fatty acids, natural flavor), gelatin softgel (gelatin, glycerin, carob, water)

Broad-spectrum hemp extract is made from CO₂-extracted, US-sourced agricultural hemp.
